## CROSBY CHARGED WITH AUTO THEFT

Milroy Man Accused of Stealing  
Clifford Gottman's Ford Coupe  
Here, Last Thursday

DROVE IT TO CINCINNATI

According to Police, Crosby Ap-  
proached Someone Regarding  
Sale of Car and Arrest Followed

Ned Crosby, a resident of Milroy, was arrested late Wednesday charged with vehicle taking, in connection with the theft of a Ford coupe from this city last Thursday night near the chautauqua grounds, which belonged to Clifford Gottman of this city. Paul Seright, a companion of Crosby, was also detained last night for questioning, but was released shortly afterwards when he is said to have given a good account of his actions on that night.

The defendant was attempting to secure his release from jail today, and it was expected that his friends would provide \$1,000 bond. He maintained his innocence at all times, according to the officers.

The arrest of Crosby was brought about through the Anderson township branch of the Horse Thief Detective association, which were given a clue to the fact by someone in Milroy, who it is said had been approached by Crosby in an effort to dispose of the automobile.

According to the story related by the officers, it is charged that on last Thursday night, Crosby and Seright, who is a tinner in Milroy, "borrowed" an automobile belonging to Harry Coulter of that place and came up here and later returned it to the place where it was taken. It is understood that Seright did not have any connection with the theft of the automobile in Rushville, although he was detained for questioning.

The story also is told that Crosby had a customer in Cincinnati who wanted to buy a Ford coupe, and that the local machine was driven down to that city, but the prospective buyer had left, and he started for home in the machine, when it was abandoned south of here.

It is stated that Crosby attempted to get another party in Milroy interested in the deal of dismantling the automobile and selling it in parts, but the person became suspicious and the matter in some manner got before the Horse Thief Detectives association.

Sheriff Hunt and Police Chief O'Continued on page three

## NO WORD REGARDING COMPANY C'S RETURN

Later Dispatches Today - State No  
Single Unit Has Been Relieved  
From Coal Strike Duty

MARTIAL LAW STILL IN FORCE

Although some of the National Guard troops which were sent into Clay county to maintain law during the state control of the coal mines have been removed from that territory, there is no word received here yet concerning the arrival of Company C, Rushville's guard unit, which also was among those in the coal district.

A dispatch from Staunton stated that one battalion would be retained for a while but it was not stated which one, and in the list of officers assigned for duty appeared Captain W. B. Brann of this city. Later dispatches today asserted that no single unit had been relieved.

It is believed that if Company C had been discharged from the area that they would have been returned here by noon today. Martial law is still in force in that area and several companies make up the various battalions which were stationed in that district.

The order also stated that the members of the guard companies who had urgent business at home would be granted permission to depart.

## POSEY IS FIRST TO ANNOUNCE TEACHERS

Complete Faculty Is Contracted For  
Schools Will Open On Monday  
September 4

SOME OTHERS WEEK LATER

Most of the schools of this county will begin their activities September eleventh, including the schools of this city, it was announced by County Superintendent W. E. Wagoner this morning. However, some of the schools of the county will begin a week earlier, September 4, including the Posey township schools.

Only in Posey township have the complete list of teachers signed their contracts, other townships having some vacancies in their faculties yet.

The complete list of the teachers of the county are expected to be completed within a few weeks, as it is hoped to have all teachers under contract by September first.

L. A. Lockwood will be the principal at the Arlington consolidated school. The remaining teachers are Marian Tittsworth, English; Lawrence Hyatt, history and physical training; Margarette Plummer, Commercial; Augusta Welker, music, drawing and home economics; C. M. DeMunbrun, mathematics; Mary White, sixth and seventh; Lettie Woods, fourth and fifth; Flossie Irvine, first and second; Sue Woods, Gary school, and Dorcas Proctor, Sumner school.

## BOTH SIDES SILENT AS MEETING OPENS

Greatest Labor Gathering on Rail  
Strike Gets Under Way in New  
York This Afternoon

HARDING DEFERS MESSAGE

Announces Decision to Withhold  
Statement to Congress in Con-  
versation With Sen. Watson

(By United Press)

New York, Aug. 17.—The greatest labor gathering on the rail strike since the signing of negotiations at Chicago, got under way this afternoon at the office of DeWitt Cuyler, head of the carriers' executives, who met with the rail brotherhood leaders at 2:15 p. m.

The issue of peace or continued war in the shop craft dispute was in the balance as executives and union leaders went into the conference room.

Both sides were silent on the plans as the doors closed behind them.

Washington, Aug. 17.—President Harding has decided to postpone his message to congress on the rail strike situation, pending the outcome of peace negotiations between the railway executives and leaders of the non-striking railway labor organizations, which opened in New York today.

The President announced his decision to withhold the message temporarily in a telephonic conversation with Senator Watson, Indiana, Republican leader in the senate.

## UPSETS NEAR METAMORA

Car Driven by Orville Collier Turns  
Over—No One Badly Hurt

An automobile owned by Orville Collier, 810 West Ninth street, turned over this morning near Metamora, while Mr. Collier and his wife and son and mother-in-law were leaving on a trip to Kentucky. The two women were badly bruised, and the machine was slightly damaged, but the party continued their trip to Kentucky. Mr. Collier is employed at the city water and light plant and is taking a week's vacation.

Word which reached this city early this morning stated that two of the persons were killed, but this was found to be untrue. The party left here at 3 o'clock this morning, and the accident happened an hour later, when the car struck fresh gravel.

## TACOMA DEFENDS RAIL STRIKERS

Pastor of Baptist Church, Himself  
Member of Engineers Brother-  
hood, Speaks at Big Flatrock

KIWANIS COMMUNITY MEET

Miss Mary Sleeth, City Librarian,  
Advances Idea of Township Sup-  
port to Make Better Library

The Rev. Reno Tacoma, pastor of the First Baptist church, himself a member of the Brotherhood of Railway Engineers, discussed the railroad strike from the standpoint of the strikers and Miss Mary Sleeth, Rushville city librarian, spoke on the extension of the local library to all parts of the county at a community meeting held at Big Flatrock Christian church, near Gowdy, Wednesday evening.

The meeting in the auditorium of the church followed the regular meeting of the Kiwanis club which was entertained by the women of the church in the basement, with a friend chicken dinner, the Kiwanians and their guests numbering seventy-three.

The church auditorium was filled for the community affair and the response in behalf of the Big Flatrock neighborhood was made by Elmer Hungerford. B. F. Miller of the local club led the singing in his usual enthusiastic manner and Miss Zella Hungerford was at the piano. The September community meeting of the club will be held at Carthage.

The Rev. Reno Tacoma, who was a railroad engineer for eleven years and eight months before taking up his present profession, defended the striking railroad men, asserting that when the railroad employers consent to meet their employers on an equal footing and attempt to apply the golden rule in their negotiations the whole situation can be relieved in forty-eight hours. He also declared that the railroad strikers would accept a cut in wages if the executive would accept a similar cut in their own salaries. He stated that the attempt to reduce the wages of the shopmen, who are on strike, was un-

## RUSHVILLE NAMED FOR NEXT MEETING

Flatrock Baptist Association Closes  
Session Without Settling Ques-  
tion of Division

NEW OFFICERS ARE ELECTED

Rushville was selected as the place for the next annual meeting of the Flatrock Baptist association, at the closing session of the 1922 session at Smithland, Shelby county, Wednesday afternoon.

The question of dividing the association into three smaller organizations was discussed, but was left in abeyance for definite settlement later. It was proposed to place Rush, Fayette and Wayne counties in one district, the churches of Decatur county in another and for the churches of Shelby and Bartholomew county to keep the name of the old association.

The granite marker which was to have been erected on the site of the first Flatrock Baptist church, six miles northeast of Columbus, in connection with the Centennial celebration of the association, failed to arrive due to the railroad strike, but the services were held as arranged and the stone will be unveiled in October.

Following is a list of names of officers elected; The Rev. I. C. Overman, of Greensburg, Moderator; the Rev. H. E. Wilson, of Columbus, vice-moderator; J. O. Brison of Waldron, re-elected clerk; G. W. Courtney, of Smithland, treasurer. Members of the association voted that the annual sermon would be delivered by the Rev. William Milton. The Rev. J. C. Casey, of Hope, will deliver the doctrinal sermon.

## FREE CHAUTAUQUA OFF TO GOOD START

Milroy Assembly Gets Under Way  
Wednesday And Will Continue Un-  
til Monday Night

NO PROGRAMS ON SUNDAY

Lecture by Allen D. Albert And  
"Cappy Ricks" by Percival Viv-  
ian Players are Features

(Special to the Daily Republican.)

Milroy, Ind., Aug. 17.—The annual free chautauqua got under way here Wednesday afternoon, and will continue until Monday, with prospects of some of the best talent that ever visited the Anderson township assembly. There will be no programs Sunday, on account of the policy of the Coit-Alber bureau, which is supplying the talent, not to hold their chautauquas on Sunday so that the speakers and entertainers may have one day of rest each week.

The opening program Wednesday afternoon at 2:30 o'clock consisted of a popular concert by the Opello Concert company, a company of five versatile musicians headed by Arthur Wells, who play and sing equally well. They gave the prelude last night, followed by a lecture by Dr. J. Franklin Babb, who pleased a large audience with his lecture on the subject "Sand Sense and Selfishness". Dr. Babb was at the Milroy chautauqua last year and was so popular that the bureau was asked to bring him back this year.

This afternoon's program was a recital by Sam Lewis, dramatic tenor, assisted by Linn Schuler violinist, Marie Colliton pianists; and Nell Adams, reader and tonight's program will be a prelude by Lewis and his company, followed by a lecture by Ada Ward, popularly known as "The Little Englishwoman with the big message," on the theme, "You Americans".

Friday afternoon there will be a concert by the Cardin-Lieurance Symphonie Quintet, headed by Frederick Cardin, a Miami Indian, who is regarded as the greatest violinist of his race. He is a graduate of Carlisle Indian school and Dana Institute and is a member of the first violin section of the Kansas City orchestra. They offer a high

## REMODELING OF BANK IS DELAYED

Farmers Trust Company Unable to  
Obtain Delivery of Material For  
New Front

OTHER WORK TO BE FINISHED

The Farmers Trust Company's plans to remodel their banking house have been materially affected and they now find that they cannot obtain delivery of material for their new front before December on account of the railroad strike conditions. This will be too late to make the improvement for this year on account of weather conditions at that time and they have decided to postpone putting in the new front until spring.

The steel vault door was promised July 24 but the factory was unable to make delivery at that time. Delivery is promised September 10.

The vault will be completed, safety boxes installed and inside improvements with the exception of new floor and ceiling, which cannot be installed until the front is completed, will go forward as soon as equipment is delivered and they hope to complete this part of the improvement in September.

The delay on the front will in no way interfere with the banking service.

The officers and stockholders are very much disappointed at the turn of affairs have taken as they fondly hoped to complete all improvements and have an attractive banking house before the close of the present year.

## SAFETY SAM

That engineer in Missouri who ran thirty-seven years without a wreck, an' then killed a train load, musta got to thinkin' like some auto drivers do, that he was immune!

## PAYS FINE OF \$1 ON CHARGE OF PROVOKE

Ed Roland of Near Charlottesville  
Arraigned Before Justice—Albert  
Grinstead Arrested

ANOTHER CASE DISMISSED

More business was launched today in Justice Stech's court, when several matters came up, and a couple of more cases were docketed for trial.

Ed Roland of near Charlottesville appeared on a charge of provoke and pleaded guilty, receiving a fine of \$1 and costs, while another case set for trial in which Frank Miller was accused of slander, was dismissed because of lack of evidence.

Albert Grinstead, of Greensburg, who fled a charge of petit larceny against Eugene Dickerson of Carthage for the alleged theft of a tire and tube from an automobile which was parked at Milroy last Saturday night was also arrested on a charge of assault and battery preferred by Dickerson.

According to the story, the affair took place at a skating rink in Milroy last Saturday night, when Dickerson was alleged to have made approaches to Grinstead's wife, and the husband is said to have "taken Dickerson's measure". The defendant will appear for trial in the morning.

Florence Cutter, et al., are plaintiffs in a suit for possession filed against Russell Nelson, and the case will be heard August 21, at 10 o'clock.

## RAIN TO RELIEF OF NORTHERN INDIANA

Heat Records Are Being Broken From  
Dakotas To Atlantic Coast As  
People Swelter

THREE PEOPLE VICTIMS

Warsaw, Ind., Aug. 17.—A pouring rain broke the heat wave in northern Indiana this afternoon. It came at 12:30 from the south west—the first rain for three weeks.

Farmers said it was a life saver to the cabbage and other truck garden crops.

Chicago, Ill., Aug. 17.—Heat records of the year fell today as sweltering multitudes suffered from the Dakotas, east to the Atlantic Coast. Three deaths were reported and many prostrations.

The heat wave will last at least until the end of the week, Professor H. J. Cox, chief of the weather bureau here declared.

There is no belief in sight but some disturbance may occur within the next forty-eight hours that may bring cooler weather the first of the week.

Local thunder storms may bring temporary relief to scattered localities.

Thousands of people hunted the parks and lake resorts of the bigger cities. Many slept at the Chicago beach last night. A score of prostrations and one death were reported here.

The heat claimed two victims in St. Paul.

## BOY BREAKS HIS ARM

George Newbold, son of Mr. and Mrs. Will Newbold of West Tenth street, suffered a broken arm this morning when he fell from a swing at the City park, near his home.

## WILL NOT AGREE TO CLEVELAND TERMS

Operators Controlling 80 Percent Of  
Soft Coal Production In Western  
Pennsylvania Refuse

INDIANA COMING IN LINE

Sixteen Mines In State Resume Oper-  
ations Today—Operators to Meet  
Miners Monday

(By United Press)

Pittsburg, Pa., Aug. 17.—Operators controlling 80 percent of the soft coal production in Western Pennsylvania, today refused to agree to settlement of the strike under the terms of the Cleveland conference.

The Freeport Pick Vein operators association today joined the Pittsburg coal producers association in refusing to meet with the mine leaders here Friday in an effort to settle the strike in the Pittsburg district.

Hard coal operators and union officials went into conference in an effort to settle the strike in the anthracite coal fields. Both sides were optimistic of peace as leaders walked into the office of Samuel D. Warriner, chairman of the operators committee.

Terre Haute, Ind., Aug. 17.—Nine owners of Indiana came into line today for settlement of the coal strike under terms of the Cleveland peace treaty.

Members of their scale committee will meet with scale committeemen of the union here next Monday at invitation of John Hessler, president of United Mine Workers in Indiana.

Sixteen mines resumed operations today on the basis of the Cleveland settlement. Eight of them were represented at Cleveland. Owners of the others have signed with union chiefs since the peace conference adjourned.

Miners in some sections of the state near here are refusing to re-enter the pits until national guardsmen are removed from Clay, Greene, Sullivan and Owen counties; and martial law is lifted from the territory around Staunton.

The strikers are still full of fight after four and a half month's idleness and insist that "there are many things that must be ironed out" before they go back to work. In every case however, the disputes are of a local nature and will be left to local miners to settle.

When production is resumed on a capacity basis throughout the Indiana fields, an annual tonnage of 36,000,000 will be added to that represented by signatures of operators

## NO RELIEF FROM THE HEAT WAVE PROMISED

Weather Bureau Predicts Continu-  
ance of High Temperatures—  
Hotter Days Last June

LACK OF BREEZE BLAMED

No relief from the hot weather is predicted by the weather bureau, which states that the temperature will continue for a few more days to be around the top notch. The days this week have been exceptionally hot, which is made much more noticeable by the fact that there is no wind or air that is stirring. Elwood Kirkwood, county weather observer at Maury, stated that Wednesday was a hot day with 94 degrees registered on the thermometer, but that there were several days in June when the mercury reached 95. The intense heat of this week has felt really hotter than it is because of the fact that there is scarcely a breeze.

The temperature in the sun is almost unbearable, and the large thermometer located on the court house square which is situated in the sun most of the day, was almost boiling over Wednesday afternoon, recording 117 degrees.

There is considerable relief from the excessive heat at night, and in the early morning, the air is cooled and refreshing.

# DISCUSS TREATMENT FOR SMUT IN WHEAT

Farmers May Act On Suggestion That Township Or Community Testing Plants Be Established.

## MEETING WEDNESDAY NIGHT

Several farmers were here Wednesday night to attend the smut meeting, which was held in the court house and the township officers and chairman of the Rush County Farmers' association were among those who attended the opening session.

Several things were taken up, including plans of attacking smut, and a plan was suggested by which the various thrashing rings in the county should get together and treat the fields in their neighborhood by using the formaldehyde treatment, which can be secured from the county agent.

In connection with the treatment for loose smut, it was also suggested that the outlying townships could have treating plants for the wheat so that the wheat would not have to be brought to Rushville for testing. The plan could be adopted on a community or township basis, if ten or more farmers would want to have the wheat tested.

The fertilizer question was discussed by the farmers and it was agreed to pool their orders by townships when making their estimates this fall.

## SPRINKLE HOT PAVEMENT

On account of the intense heat it was necessary for a stream of water to be sprinkled on the brick street at the corner of Main and Second streets this afternoon. The pavement had bulged up several inches and there was a danger of an explosion in the street. Members of the fire department attached a line of hose and cooled off the street in order to prevent an upheaval.

## TO SUPPLY UTILITIES

Washington, Aug. 17.—Public utilities in the midwest will be kept in a ten to twenty days supply of coal if possible, Federal Fuel Distributor Spencer, announced today. The presidential coal commission has adopted this policy following urgent requests from practically all of the utilities for immediate replenishment of stocks.

## TO SUCCEED E. B. THOMAS

W. E. Wagoner is Appointed Member of Library Board

W. E. Wagoner, county superintendent of schools, has been appointed a member of the Rushville library board by Judge Will M. Sparks of the circuit court, to fill out the unexpired term of E. B. Thomas, who left here a few months ago to become president of the federal farm loan bank at San Juan, Porto Rico. The board will meet soon, as no meeting has been held since Mr. Thomas left.

Other members are Mrs. A. L. Gary, chairman; J. H. Scholl, vice-chairman; Mrs. Blanch Abercrombie, secretary-treasurer; T. M. Green, Mrs. Wallace Morgan and J. T. Arbuckle.

## WILL NOT AGREE TO CLEVELAND TERMS

Continued from Page One  
already attached to the temporary treaty.

Columbus, Ohio, Aug. 17.—Coal operators of southern Ohio, the most important Ohio field not affected by the bituminous wage agreement met here today to consider adopting the peace basis reached by the Cleveland conference.

W. D. McKinney, secretary of the operators organization, declined to give any intimation of the probable action to be taken at today's conference.

It was learned, however, that mines in the southern Ohio fields, are being cleared for action. Day workmen are busy about the shafts. Merit time upwards of 25,000 miners returned to their tasks in the fields of the eastern and central districts. First actual cutting of coal was scheduled to begin in the Belaire fields.

## BOTH SIDES SILENT AS MEETING OPENS

Continued from Page One  
The message, however, will be delivered later even should the rail strike be settled as the result of the New York negotiations.

By CHARLES R. LYNCH  
(U. P. Staff Correspondent)

Chicago, Aug. 17.—Another wave of violence swept over the rail crippled country today as the big four brotherhoods met with rail executives in an attempt to settle the shopmen's strike.

Troops at Joliet, Ill., were fired on by snipers during the night. The shots came from the direction of strikers' homes. A squad of soldiers was sent today to search houses in the vicinity for arms.

Martial law may be established in Clinton, Illinois, as a result of clashes there. A group of strike sympathizers assaulted four employees of the Illinois Central. One man was dangerously wounded.

Non union men were beaten at Cedar Rapids Iowa, and Janesville Wis. Trouble also occurred at Evansville Ind.

The situation on the western trans-continental roads was rapidly improving. Service had been re-established on all lines although seven Santa Fe trains are still held up on the desert because of trouble at Gallup N. M.

National guard troops were on duty at five Kansas towns—Newton, Parsons, Herrington, Horton and Hoisington.

By M. D. TRACY  
(U. P. Staff Correspondent)

San Francisco, August 17.—Resumption of traffic over the Western Pacific and Union Pacific on one hand, and renewed violence on the other marked today in the Pacific coast railway strike situation.

San Bernardino, Cal., where the Santa Fe's main shops in southern California are located, was the scene of rioting.

Mrs. N. E. Hanson, wife of a Santa Fe foreman, was shot and killed at her home here.

## TOO MUCH MULE

Indianapolis, Aug. 16.—"I'm your prisoner. Gimme a match."

With these words, John McGlynn approached Patrolman Miller today.

"Are you kidding me?" asked the cop.

"No. I've been shooting at my wife."

Miller investigated. He found McGlynn had shot three or four times at his wife, but they all went wild. Then he threw the revolver in the river.

"Too much mule," remarked Mrs. McGlynn.

New York—Push cart peddlers lost about \$1,000 worth of fruit when one of them sold a gallon of banana oil for bootleg whiskey and the customer ran amok after sampling it.

**Studebaker**  
BIG-SIX

was ~~\$1785~~ **Now \$1650**

**YOU** can buy a Studebaker Big-Six Touring Car today for \$1650. This is the lowest price ever asked for a car of its sterling high quality.

Always a matchless value, the Big-Six stands out today more strikingly than ever in the field of fine cars.

The seven-passenger Big-Six is not a "volume" motor car, but you get it at a volume price because the Studebaker organization produces and sells three separate models with only one overhead.

Look over the field. Check the many points that will appeal to you in the selection of a car. See the Big-Six. Ride in it—we'll take you for a demonstration any time you say. Try the wheel yourself. Then compare it with any other car, even at two or three times its price, and you will appreciate how much more you get for your money in a Big-Six than you can find anywhere else.

The price of the Big-Six was reduced at a time when Studebaker had unfilled orders on hand for more than 15,000 cars. The first seven months of this year were the biggest in Studebaker's 70 years' history. Capacity production lowers costs and Studebaker believes that its manufacturing savings should be shared with the customer. Hence the new low price of the Big-Six.

Rain-proof, one-piece windshield; windshield wiper; courtesy light on the driver's side which promotes safety in passing other cars at night; tonneau lamp with long extension cord; cowl parking lights; cowl ventilator; eight-day clock; thief-proof transmission lock; tool compartment in the left front door; shock absorbers.

## OLD OLD CLOTHES TO AN EMPEROR

(By United Press)

Paris, Aug. 14.—Although the Emperor of Annam is the envy of Paris with his gorgeous robes of embroidered golden yellow and blue he wants to wear regular pants and coats and vests like ordinary human beings.

As soon as he had a moment to spare from the round of official receptions and dinners the Emperor sent orders to a Paris tailor for an outfit of European style clothes. And thence hangs a tale.

It has leaked out that the Emperor had bought several complete outfits before embarking on his first trip to Europe. Upon his arrival at Marseilles it was discovered that some unscrupulous hand had down clothing dealer had stuck the Emperor with a lot of prewar styles and a derby hat of the vintage of 1890. It would never do to have the Emperor appear looking like a vaudeville "dick." So the outfits were hidden away and a new set of 1922 model ordered.

## BIG BERTHA'S SECRET IS HELD

By CARL D. GROAT  
(U. P. Staff Correspondent)

Berlin, (By Mail to U. P.)—The secret of the "big Bertha" which shot up Paris is buried in the heart of an engineer who worked for Krupp for a few thousand marks a month. His national pride, however, permits him to say nothing about it.

The cannon shot from the vicinity of Essen to Paris was nothing more than an eight-inch caliber, high velocity gun, the only thing added to it was German imagination and constructive ability.

As far as the Entente has been able to learn it had equal pressure all the way down the barrel. It permitted a shot to be fired twenty miles high and to land in Paris. It was made of fine steel—Krupp steel—and had no tricks about it, merely a gun of unusually high power with ability to use this power the entire way down the gun.

The Entente has acquired about the gun and has learned that there were only three or four guns of this heavy caliber in the world. The gun was made, all of which were destroyed before the Entente could seize them. The Entente Commission has desired to learn the nature of the construction, but the secret remains within the heart of this engineer from the Krupp works.

## Second Hand Goods TO BE SOLD AT ONCE

Following articles now in storage at this place—128 West Second St.—Must be disposed of at once and will be sold very cheap

—John R. Fargo of Portland, Oregon, who has been spending a few weeks in this city with his sister, Mrs. Lowell Green, left today for New York for a few weeks study and will return here for a visit before returning to his home in Oregon.

## CONTINUES HIS WINNINGS

John F. Boyd Takes Nine Firsts And Three Seconds At Newcastle

John F. Boyd of Circleville, importer of Jersey cattle, continued his winnings at the Henry county fair in Newcastle this week when he took down nine firsts and three seconds. The Jersey class was on the program Wednesday and Mr. Boyd's cattle won first in every class they were entered except one. He has ten head in his herd, all of them imported. Mr. Boyd won six firsts and four seconds at the Delaware county fair at Muncie last week.

The local importer will move his herd to Connersville where he will compete at the Fayette county fair next week.

grade program embodying many of the symphonic arrangements for the smaller orchestras and the best in the library of chamber music. The members of the company in addition to Mr. Cardin, are: Grace Callahan, noted woman bassoonist; Frances Morley, flutist; Gladys Gooding, pianist and soprano soloist, and Walter Bloek cellist.

This organization will give a 45-minute concert Friday evening, followed with a lecture by Allen D. Albert, past president of the International Association of Rotary clubs. Mr. Albert, a fiery and talented orator, is a journalist and sociologist of national reputation and is widely recognized as an authority on community problems.

The Saturday afternoon program will open with "The Conquest of Peace" an educational pageant which will be presented by the boys and girls junior chautauqua which is being held each morning and at which the young people of Milroy and vicinity are holding daily rehearsals for the event.

At 3:15 Saturday afternoon W. C. McCullough, a prominent Cleveland

attorney and religious leader, who has recently returned from a tour of Central Europe, will lecture on the subject "The Challenge to Democracy". In the evening the program will be the most pretentious thing ever attempted at the Milroy chautauqua when the Percival Vivian Players will present "Cappy Ricks", a comedy drawn from the story of the same name which ran serially in the Saturday Evening Post and which has been produced as a photoplay.

Monday's program will consist of a musical entertainment at 2:30 p. m. by the McCords, a company of two people, who present a program of music, monologues sketches and impersonations. The assembly will close Monday night with a prelude by the McCords and an entertainment by Henry and company, consisting of magic, sand-painting, psychic phenomena and other features.

## MAY STOP BUILDING

Evansville, Ind. Aug. 17—Unless transportation conditions become better, building construction in Evansville virtually will stop within thirty days, Building Inspector Keith said today.

## CROSBY CHARGED

WITH AUTO THEFT

Continued from Page One

Neil went to Milroy yesterday morning to talk over the matter with the members of that branch, and late yesterday the sheriff and Prosecutor Stevens went back and the two were arrested by the Anderson township members, and turned over to the officers here.

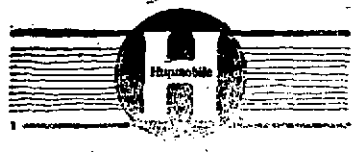

The stolen machine was returned to Gottman Tuesday, when it was found along the road a few miles south of here. When the machine was stolen it was locked, but the thief uplifted the board floor, cut the wires which control the lock and made his escape.

The defendant is about 38 years old, and is married. He has been in the dray business in Milroy for several months, and prior to that time was in charge of the telephone exchange in Milroy.

Thursday, August 1922

He that hath an ear, let him hear what the Spirit saith.—Rev. 3: 20, 22.  
CURSED OR BLESSING?  
Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord.

## The President's Efforts

Some people have been inclined to criticize President Harding for not being aggressive enough in handling the strike of railway shopmen and others are now offering criticisms of his policy of referring the whole matter to congress in a special message today. In view of these two extreme views, it is not out of place to recall his position since the strike started to show that there has been no fundamental inconsistency.

It is true that in one of his proposals for a compromise he suggested that the employees on strike be returned to their former positions with seniority right unimpaired, but, recognizing that this might not be possible, he added the closing remark, "If there is good reason why the managers can not accept, they will be obligated to open direct negotiations or assume full responsibility for the situation."

Anyone who knows the generous

nature of the president and his desire to promote peace and to secure to the workman every possible benefit, will really understand his effort to have the man taken back without sacrifice of seniority rights if possible. Failing that, there was only one course left—for the railroad executives to open direct negotiations with former employees or prospective new employees and to restore their working organizations to an effective basis. All that was necessary after the submission of the president's plan of compromise was for the executives to point out the reason why seniority could not be restored and then proceed with direct negotiations.

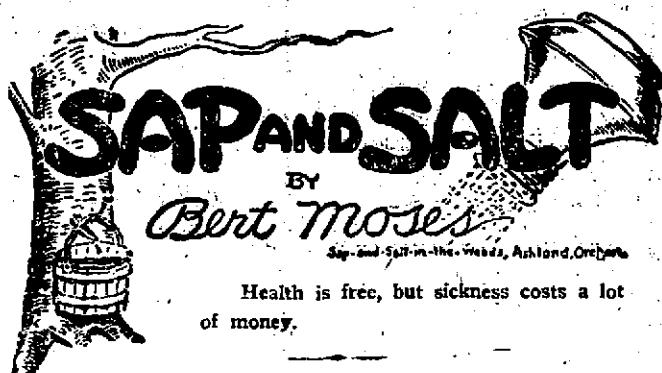

President Harding had already given notice that in doing this the railroad managers would have the protection of the government. In his proclamation of July 11 he directed all persons "to refrain from all interference with the lawful efforts to maintain interstate transportation" and he invited all state and municipal authorities and all good citizens to cooperate in upholding the laws and preserving public peace. In the preamble to that proclamation he had declared that those persons who took employment after the strike had been called "have the same indisputable right to work that those have to decline to work."

These utterances show a consistent policy on the part of President Harding. He has never posed as a dictator. He did not undertake to say that his proposed plan of compromise must be adopted. He offered it as a possible solution, and then pointed out the only other course—direct negotiations by the railroad managers with employees, under the assurance that the governments, state and national, will protect all men in their right to work and their right of property. According to reports, some roads are in a position to take men back with seniority rights restored. President Harding thought it possible that other roads might be able to devise plans for doing the same. Since they are not able to do so without injustice to men who have remained loyal, or others who have taken employment, it is manifestly their duty to go ahead with direct negotiations, employ men to operate the shops and the roads, relying upon the state and national governments for the preservation of peace and order.

In the preservation of peace and order and in the protection of life and property, the national administration and all state administrations will have the unlimited support of all good citizens. There can be no doubt that the good citizens are not only in the majority but no less aggressive in upholding the law than any other people may be in attempting to overthrow it.

## FIRST TO SIGN

Terre Haute, Ind., Aug. 17—Bert Stahney, president of the Republic Coal Company of Farmersburg, is the first coal operator of Indiana to sign the Cleveland agreement at mine headquarters here. His mine, which produces 600 tons a day, will be opened immediately, with 75 men employed.

Health is free, but sickness costs a lot of money.

Take war out of history, and mighty little remains.

Busy folks not only make the best citizens, but the best living.

Many a man has been run over when he tried to head the Future off.

All wise men are fools occasionally, and fools are frequently very smart.

It is amazing how close together the street cars are when driving an auto, and how far apart when waiting for one to ride in.

## The Hodge-Podge

By a Paragrapher With a Soul

A fish 400,000,000 years old has been found, but it is not necessary to go back that far to find them, judging from the tales of local ninrods.

It's only a step to failure, but a long and tedious journey to success.

Some folks fail because they expect wishbone to function the same as backbone.

No man should be unwilling to do what he expects the other fellow to do.

The speed maniacs misconstrue the meaning of the term—this is an age of speed.

Senators are reported anxious for a rest before taking up the bonus, and so are we—all of us.

Failure is a great thing for the man who profits by it.

The dangers that lurk in the imagination should never keep anyone awake at night.

## Current Comment

## Seniority Rights

(Baltimore News)

When the Railroad Labor Board, after due warning to the strikers and in order to assure that there would be no interruption to traffic, authorized and directed the roads to replace strikers with other men willing to work, the issue over the seniority rule was joined.

Following the direction of the Labor Board the railroads issued statements to the effect that on certain day the places of the strikers would be deemed vacant and new men would be taken on. In this city advertisements appeared in all of the newspapers several days in advance of the time set, stating that it was the duty of the carriers to operate the roads; that to do so the shops must be manned.

But those roads that have taken

on new men cannot let them out. To do so, after the promises made to them, would be a flagrant breach of faith. If they sacrifice employees who have taken the places of the strikers they not only demonstrate that they cannot be trusted to carry out their pledged word, but verbal contracts with them are worth nothing, but they will have tied their hands in case of future trouble.

## STATE HALL OF FAME

Who's Who in Indiana

Fowler contributed one man.

Daniel Fraser because he is a lawyer and has been identified with many important causes.

Frankfort contributed two men. Harold M. Kramer because he is an author of several books.

Martin A. Morrison because he was a representative in congress from 1909 to 1917 and a member of the U. S. civil service commission.

Franklin contributed three educators and one writer.

Charles E. Goodall, because he is president of the Franklin college.

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

Miss Goldie Newhouse entertained the members of the Cross Country club Wednesday afternoon at her home north of the city. The regular program and business meeting was held and a delightful social hour was enjoyed by the guests. The hostess served a dainty luncheon.

Mrs. Bert Mullin was hostess to the members of the S. E. T. club Wednesday afternoon at her home in North Perkins street. The ladies were delightfully entertained with sewing and dainty refreshments were served.

Miss Lavienna Compton, Miss Brenda Kinsinger and Paul Spivey went to Liberty, Ind., Wednesday and gave the program for Browns-ville township at the farmers' picnic of Union county. Each township of the county had to furnish part of the program.

The annual reunion of the Krammes family was held Wednesday at the home of Mr. and Mrs. Grant Krammes of near Greenfield. Approximately eighty guests were in attendance and enjoyed the day socially with games and contests. At the noon hour a beautiful picnic dinner was served on the lawn and a short program consisting of devotional services and readings was given. During the business session the old officers were re-elected to serve the following year. They were as follows: Robert Krammes, of Greenfield, president;

Mrs. Ethel Krammes of Manilla Ind., secretary; J. R. Dearing of Rushville, treasurer. The reunion next year will be held at the home of Robert Krammes in Greenfield the third Wednesday in August.

Those present were Mr. and Mrs. George Krammes, Mr. and Mrs. Lewis Krammes and family, Mr. and Mrs. Ben Stiers and family, Mr. and Mrs. Ornie Gardner and family, Mr. and Mrs. J. R. Dearing, Mr. and Mrs. Donnie Hilligoss, Mrs. Claude Collins and children, Mrs. Ethel Krammes and daughter, Mr. and Mrs. Fred Knecht and family, all of this county. Mr. and Mrs. Thomas Krammes and son Carl and Mrs. Lena McFarland, of Gosport, Ind.; Mr. and Mrs. John Aber of Indianapolis; George Williams, John Riebsomer and Miss Loretta Jobe of Connorsville, Ind.; Virgil Pearce, Hanson and Jesse Riebsomer of near Connorsville, Mr. and Mrs. John Reese and sons of near Glenwood, Mr. and Mrs. Herbert Gilson and family and Miss Irene Schuck of Cincinnati, Ohio, Mr. and Mrs. Robert Krammes, Mr. and Mrs. Roy Kennedy and family, Mr. and Mrs. Garland Moore and family, Mr. and Mrs. Fred Kelso and family and Charles Vettors, all of Greenfield.

Mrs. Ed Keaton, Miss Anna Siders, Mrs. J. F. Miller and Miss Louise Lyons entertained their Sunday school classes of St. Paul's M. E. church Wednesday evening with a picnic at the city park. A basket supper was served and the evening was enjoyed with games and contests.

Mrs. Charles Fisher entertained the members of Wednesday Afternoon card club at her home south of the city Wednesday afternoon. Delicious refreshments were served at the close of the card games.

## AMUSEMENTS

### Last Time At The Princess

"Wedding Bells," Constance Talmadge's latest photoplay, released as an Associated First National attraction, concludes its run at the Princess Theatre, today.

This attraction has won the most favorable comment of any of Constance Talmadge's previous releases shown at the Princess, possibly on account of the naturally splendid story upon which the film version was based, but more likely on account of the unique performance given by Constance Talmadge as the rather capricious and temperamental Rosalie Wayne.

Harrison Ford, who supports Miss Talmadge as leading man in the role of Reginald Carter, is coming in for his share of the plaudits and the consensus of opinion is that Mr. Ford has rarely been seen to better advantage than in this production. The picture is based on the hasty

It's a Lucky Neighborhood That Has a Child's Grocery Store.

marriage of Rosalie and Reginald. After two days of wedded life, a most thrilling incident causes Rosalie to become angered and she runs away, fully expecting her heartbroken husband to follow. All would have been well had Reggie not been stricken with a most irritating case of measles and confined to his bed. To follow was impossible, so Rosalie goes to Europe to forget and then to Reno to get a divorce.

The separation is not lasting, however, when each discovers that the other should not be married to any one else.

### Each Thursday At Mystic

Instead of bothering about summer heat, just drop into the Mystic Theatre and get a few shivers sent down your back with the thrilling picture of life in the frozen northland. It is entitled "Perils of the Yukon," and is the latest Universal historical chapter feature. It is being shown serially each Thursday at the Mystic. The perils of Jack Merrill are interwoven in an exceptionally interesting and dramatic manner. Mirroring as it does life in Alaska from the time that America purchased the country from Russia, down to the beginning of the twentieth century, it gives every promise of attaining a high place in theatre-goers esteem.

Against this historical background, and with the gold days' rush playing

an important part, has been woven an interesting story of the adventures of a young American prospector.

William Desmond plays the role of Jack Merrill, the American, and Laura LaPlante appears in the sweet-heart role. Both are prime favorites with the theatregoers of this city and their adventures will be followed with interest in this "thrill-a-foot" drama. It was during the making of this picture that Desmond narrowly escaped death by being hurled from a cliff in-

to an ice-choked river. Desmond sustained a broken ankle, dislocated shoulder and his body was bruised from head to foot. Miss LaPlante, who was standing nearby, barely escaped the same fate. Both artists also had several other close calls and the various chapters show all these real thrills in every detail.

### K. OF P. MEETING

The K. of P.'s will meet Monday at 7.30.

## Neighborhood News From Many Points Throughout Rush County

The members of the M. E. church will hold their services at the Christian church while they are having the church remodeled.

## FROM GIRLHOOD TO WOMANHOOD

Woman Relied Upon Lydia E. Pinkham's Vegetable Compound

Emporia, Kansas.—"I began using Lydia E. Pinkham's medicines years ago when I was a girl. For several years I had severe pains at menstrual periods, making me very weak and interfering with my regular duties. I tried several remedies without obtaining relief. I was induced to try Lydia E. Pinkham's Vegetable Compound by friends and it restored me to normal health. I often have occasion and do recommend your Vegetable Compound to my friends who have troubles similar to my own. You may use these facts as a testimonial."—Eva Aldrich, 218 Union St., Emporia, Kansas.

There are many women who first used our Vegetable Compound during their girlhood days. They found it a valuable help during trying periods. In later years they use it whenever they feel those annoying symptoms which women often have.

Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is prepared carefully from the best quality of medicinal plants, whose properties are especially adapted to correct the troubles women have.

### NOTICE

In the Matter of a Petition for the Improvement of a Public Highway in Rushville Township, Rush County, Indiana, by Alonzo L. Stewart, et al.

State of Indiana, Rush County SS: In the Commissioner's Court, September Term, 1922.

Notice is hereby given that a petition has been filed in my office for the grading and paving with concrete and cement of a certain public highway in Rushville Township, Rush County, State of Indiana, which petition is signed by Alonzo L. Stewart, et al. and is in words and figures as follows:

To the Honorable Board of Commissioners of Rush County, State of Indiana.

We the undersigned petitioners would represent and show to your Honorable Board that this petition is signed by more than fifty adult freeholders and voters of Rushville Township, Rush County, State of Indiana, and that there is now and has been for many years continuously last past a public highway located upon and over the following described route and which is described as follows, to-wit:

Commencing at the end of the brick street at the corporate limits of the City of Rushville, Rush County, State of Indiana, on what is known as the Old Ford Wayne Free Gravel Turn Pike upon the line dividing the southwest and the southeast quarters of section thirty-two (32), township fourteen (14) north, range ten (10) east; thence in a northeasterly direction, following the center line of the said Old Ford Wayne Free Gravel Turn Pike and to its borders its entire width on the line dividing the land of Alonzo L. Stewart, et al. from the land of the Rushville Cemetery Association on the east and the lands of the Old Baptist Cemetery and William Cross on the west; thence through the said roadway known as said section thirty-two (32) and following the line of said present established public highway known as the said Old Ford Wayne Free Gravel Turn Pike and connecting with the Frank H. Green et al. Public Highway or concrete road running in a northeasterly direction in the northeast quarter of said section thirty-two (32) to the north line of said southeast quarter of said section, township and range aforesaid.

That the only incorporated city or town located in said Rushville Township is the city of Rushville, which contains less than five thousand inhabitants.

Wherefore, your petitioners pray of your Honorable Board that the aforesaid public highway be improved by grading, draining and paving the same with concrete and cement to the width of twenty-four feet, its entire length and the remainder thereof on either side to the outside line thereof as it now established, laid out and dedicated, not less than thirty-two feet, be graded and that all necessary drains, side-drains, bridges, culverts and sewers thereon be constructed so as to make said public highway a complete modern, improved, cement and concrete public highway as by law provided; that said improvement be constructed and said public highway be so improved as herein before described and prayed for in accordance with sections 62 to 83 inclusive, of the Acts of the General Assembly of Indiana in the year 1905, being entitled "An Act Concerning Public Highways" and all acts amendatory thereof and supplemental thereto.

Signed by Alonzo L. Stewart and sixty other adult freeholders and legal voters of Rushville Township, Rush County, State of Indiana.

Said petition will be presented to the Board of Commissioners of the Rush County, Indiana, on the 4th day of September, 1922, the same being a day in regular session of the August term of such Board of Commissioners.

Witness my hand and seal of the Board of Commissioners this 15th day of August, 1922.

PHIL WILK  
Auditor Rush County, Indiana.

CHAUNCEY W. DUNCAN,  
Attorney for Petitioners.

AUG 17th, 24th

Hanover College Trains Leaders

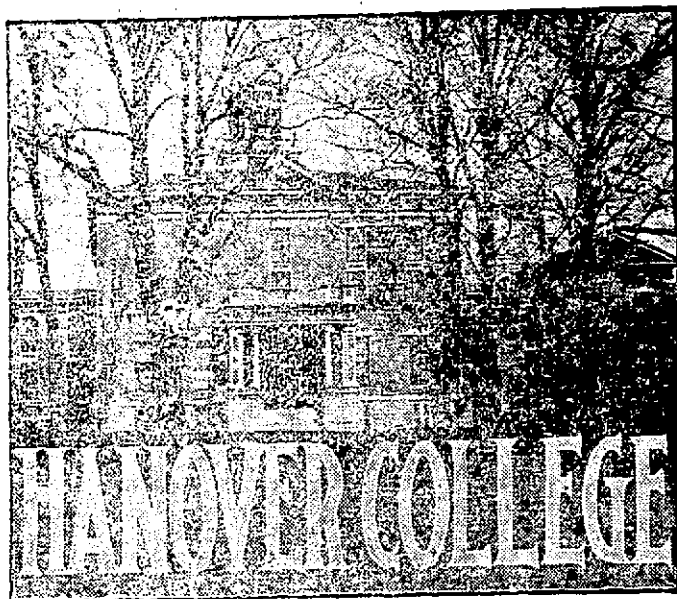

## A College Education Pays—in dollars and cents

FOUR YEARS in college will treble your annual earning power, according to statistics. Your best investment is in yourself!

For nearly a century Hanover men and women have held high positions in world affairs. Thorough collegiate training at Hanover helped them to succeed. The well-rounded mental and physical development they secured at Hanover became the foundation for a fine and successful life.

Hanover is frankly a small college. A student's identity is never lost; his personality and character grow and mature in wholesome surroundings, among men and women of high ideals. At Hanover you will find everything that college can give you—the opportunity you seek.

Come to Hanover THIS fall. Write today for catalog. Address Dr. W. A. Mills, President, Hanover, Indiana.

The most beautiful college campus in America is at Hanover

## Washing is Hard Work

Even with a Machine to Help

The machine can't draw water, lug it to the stove, heat it; and empty it into the washer. It can't drag heavy baskets of soggy clothes to the line, pin them up, take them down, and bring them in again.

We'll relieve you of all this heavy work—take all the steam and bother out of your home—wash for you, iron, too, if you wish, at a cost within your reach.

We have several different types of service. Each is thorough and economical. No initial investment is required; no long-drawn out installments to be met each month.

You'll find this modern way of washing a most welcome relief—phone today and have our representative call.

## SEEK TO LOCATE PURCHASE PLACE

Trouble Over American Ocean Ships Selling Liquor, Breaks Out Again in Congress

RESOLUTIONS ARE ADOPTED

Will Attempt to Find Whether England is Supplying The American Vessels or From What Port

By LAURENCE M. BENEDICT  
(U. P. Staff Correspondent)

Washington, August 17—The controversy over booze selling on American ocean vessels broke out anew in the house when resolutions were introduced demanding that the United States shipping board inform congress where the liquor now being dispensed on its ships is purchased.

The resolutions sponsored by Representative Brennan, Republican, Michigan, and Representative Gallivan, Democrat, Massachusetts called upon the shipping board to tell congress immediately whether it is true that agents of the board are buying liquors from distillers in England, while at the same time the prohibition officers of the United States are seeking England's co-operation in an effort to prevent English ships with booze aboard from touching at American ports.

Then, the resolutions, in effect, inquire of chairman Lasker of the shipping board as to whether it would not save money for the American tax payers if the board would "arrange" with the prohibition unit at Washington to get liquors from stores which this government has seized.

The charge that one arm of the American government (the shipping board) is buying liquor in England for sale on American ships, while another arm (the prohibition enforcement unit) is trying to get the British government's aid in stamping out liquor traffic between the two countries, was first made by a A. A. Busch, former St. Louis brewer who has just returned from a trip to Europe.

Brennan and Gallivan say the Busch charges have never been answered and that they are out to force Chairman Lasker to either affirm or deny them.

The Brennan and Gallivan resolutions which were identical in wording were seen as the first move in a congressional campaign to force the liquor issue before the American people and give "moral aid" to "wet" candidates over the country.

## GERMANY MAKES A DEPOSIT IN GOLD

Chancellor Wirth Says That The \$500,000 Gold Marks Represents All That Can Be Paid Now

MARKS TAKE A BIG DROP

By CARL D. GROAT  
(U. P. Staff Correspondent)

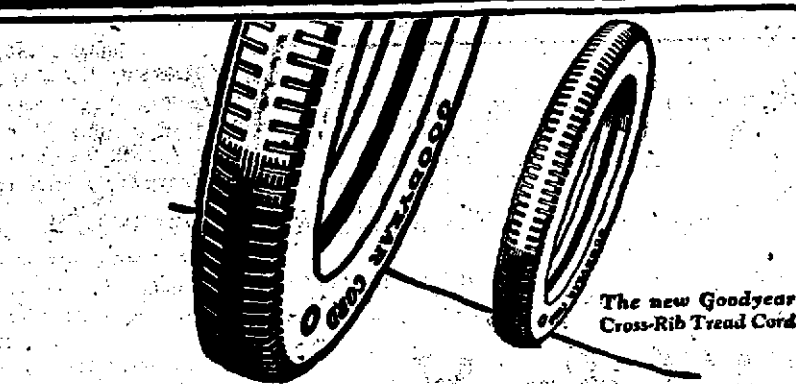

Berlin, August 17—"We've paid all we can," Chancellor Wirth said Wednesday announcing that 500,000 gold marks had been deposited in the bank of England.

This is one fourth of the amount due on the present installment of pre-war commercial debts.

"We will make further payments within the bounds of possibility," he continued. "But that possibility grows narrower each day. Force cannot alter the fact that payment in gold is becoming gradually more impossible."

Marks today slumped to 4700 for a pound sterling or over 1,000 for the dollar.

New York—Bayonne policemen have lost faith in human nature. They took up a collection to buy a stray 14 year old girl ice cream. She told them she didn't want their "junk," she wanted cigarettes.

## A Popular-Priced Cord Tire Without a Rival

The new Goodyear Cross-Rib Tread Cord Tire is built with genuine high-grade long-staple cotton as a foundation.

It is liberally oversize—the 4½-inch tire, for example, measuring nearly 5 inches.

The deep, clean-cut, cog-like pattern of its tread affords excellent traction even in snow and mud, engaging the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

This new tire is a genuine Goodyear through and through—in design, in material, in construction.

It costs less to buy than the net price you are asked to pay for many "long discount" tires of unknown reputation and value.

Why be satisfied with less than this efficient tire can give—why take a chance on an unknown make?

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3½ Clincher.....	\$12.50	32x4 Straight Side..	\$24.50	33x4½ Straight Side..	\$32.15
30x3½ Straight Side..	13.50	33x4 Straight Side..	25.25	34x4½ Straight Side..	32.95
32x3½ Straight Side..	19.25	34x4 Straight Side..	25.90	33x5 Straight Side..	39.10
31x4 Straight Side..	22.20	32x4½ Straight Side..	31.45	35x5 Straight Side..	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

## MONKEY GLANDS TO HAVE SUBSTITUTE

Dr. Spahlinger, Swiss Scientist, Has Produced a Horsepower Serum to do The Work, he Says

BOOST AGE LIMIT TO 150

His Methods of Invigorating Old Age Requires One to 4 Years to Produce and 7 Horses

By WILLIAM R. KUHN  
(U. P. Staff Correspondent)

London, Aug. 17—Horsepower serum has replaced monkey glands as a restorer of youth, leading men of the scientific world believed today.

Discovery of the latest invigorators which is said to prolong human life beyond 150 years was made by Dr. Henri Spahlinger, Swiss scientist whose serum and vaccine treatment for tuberculosis has made his name well known throughout the world.

It requires from one to four years to produce the pep prolonger and seven horses are needed for the manufacture of one complete treatment.

A business associate of Dr. Spahlinger's, a man of years, writes this testimonial of the "longevity lotion" to the Daily Express:

"The injections made me feel as strong as a lion. They gave me an abundance of stimulation and a marvellous fund of energy. I have never felt the faintest reaction from the treatment.

According to other associates of Spahlinger, who have also undergone

the treatment, the horsepower serum imparts the look of youth to the face as well as giving the throbbing vigor of youth to the body. They say that the lines and creases of age are smoothed out so marvelously that death seems a ridiculous impossibility."
